**Thankyou Everyone..!!!;** As some of you know the Cape Breton Ex. Was to be my last Show to be at the gate working! To me it was a great pleasure working at all our Cape Breton Western Rider shows. Talking, fooling around at times made the shows great.

But problems with my back makes it impossible to go on working these shows. Long days on my feet ,running around is A bit much. So I would love to take this time to say THANKYOU to all those who have helped me in setting up courses and other things at our shows. Without this help I probably wouldn't have made it this long.

This does open up a hole in our shows that leaves the gate area & course setting up in need of someone to take over , also someone to pickup diesel fuel & taking Kenny tractor into the shows and also keeping the ring in good shape, putting out the wheel barrel, rakes, shovels ,etc. and also to put away these things after the shows are over so they won't be Taken!! Putting away the new poles in the room with utensils, also the setting up of Barrels& poles timers keeping them in good working order.

Again to everyone **THANKYOU!!!**

Jason's Win at Aug Show
